Precipitation for twenty-four hours ending 7 a.m. today, 13 inch.
Total precipitation since Jan. 1, 32,32 inches.
Accumulated deficiency is 4,92 inches.

Accumulated deficiency is 4.92 inches. Highest wind velocity for twenty-four ours ending 7 a.m. today, eighteen miles,

Highest wind velocity for twenty-hours hours ending 7 a.m. today, eighteen miles, northwest.

River stage at 7 a.m. (feet), 7.5.
Fall in twenty-four hours (feet), 9.8.

Weather Conditions.

The disturbance centered at Buffalo yesterday morning has advanced eastward to Boston and has been followed closely by a rapid rise in pressure. Secondary low-pressure areas are centered at Portland, Ore., and at Phoenix. During the past twenty-four hours precipitation occurred over the central Rocky mountain region, southeastward to central gulf coast, thence over a narrow belt northeastward into the St. Lawrence valley. Heavy amounts fell at New Orleans, Montgomery and Montreal. The northwestern high-pressure area has increased in magnitude, extending southeastward into Texas and northeastward into the lakes. It has caused lower temperatures over the south, Ohio valley and eastern lake region. Light frost formed at North Platte, Sheridan, Modena and Denver.

Denver.
Conditions are favorable for partly cloudy and continued cool weather over this section tonight: Saturday, partly cloudy and slightly warmer.

HEAVINESS FEATURES **OPENING OF MARKET**

New York, Sept. 6.—The opening of the stock market today was featured by heaviness in railroad shares, apparently reflecting disapprovat in Wall street of the form of contract which the government seeks to impose upon the transportation companies of the country. Many of those issues registered declines extending from large fractions to a point. The setback also embraced industrials and other active stocks in more moderate degree. Reading was the conspicuous exception, gaining almost a point. The general list improved before the end of the first half-hour.

Prices fell sharply in the afternoon on publication of a notice empowering the authorities of the stock exchange to make soarching investigation of members' loans. United States Steel reacted 2% points and other leaders yielded 1 to 3

EXPRESS CLERKS TO DEMAND MORE PAY

Forty-Six Men to Join Union Tonight-Insist They Are Overlooked.

is the claim of the clerks of the American Rallway Express company that they are paid less than clerks in any other occupation. They empha-size the fact that the railroad emsize the fact that the railroad employes have been granted a raise in wages, but that no advance whatever has been granted the express employes. A bonus was given to each employes last year and it was understood that this bonus should be permanent till sconditions again became normal, but clerks claim that this bonus has already been taken away from them.

In the accomplishment of the same end it appears that there are two factions at work, but that one of them is not recognized by the American Federation of Labor. This federation is the Americah Association of Expressmen.

The last rites over the body of T. S.

Christopher C. Barton, who died Wednesday in Birmingham, were held wether and subpoent a copy of this order to answer instanter. "To save a copy of this order to answ

men.

According to W. S. McFarland, general manager of the American Railway Express company, the officials of that company know nothing of the organization of either of the unions except through the information contained in the newspapers and that gleaned from rumors.

SENTENCED TO B SHOT FOR DISOBDIENCE

President Wilson Sets Aside Finding of Court-Martial in Private's Case.

in Private's Case.

Washington, Sept. 6.—President Wilson again today disapproved the sentence meted out to a private soldier and ordered him freed and restored to duty. The soldier is Private William A. Kerner, company G. 306th infantry, who was convicted by court-martial of disobedience when he ignored the order of a first lieutenant to drill at Camp Upton last March. Kerner was sentenced to be "ahot to death by musketry." In disapproving the sentence, the president declared that the assistant judge advocate general of the court was illegally appointed and ordered that Private Kerner be immediately released and allowed to resume his status as a soldier.

COTTON GAINS 130 POINTS OVER THURSDAY

New York, Sept. 6.—Reports that southern spot holders were refusing to sell freely on the decline led to further cuvering in the cotton market during to-day's early trading, and a moderate demand was also reported from trade courses. Liverpool was much lower than due, but after opening 5 points lower to 5 points higher, the local market soon sold some 22x130 points above last night's closing figures. October contracts touched 34.03c and January 33.30c, making gains of 125x130 points from yesterday's low levels. Weather and crop advices from the southwest were more favorable, however, while the advance met realizing which caused irregularity with moderate reactions before the end of the first hour. Offerings were very readily absorbed on the slight early setbacks, partly by trade buying, and the market was stronger late in the morning on buillish spot advices. Nervousness over the price-faxing talk scemed to have disappeared almost entirely and there was rebuying of yesterday's sellers on the advance, which carried October up to 34.60c and January to 33.88c around midday, or \$3ax55 points net higher. The announcement that the liritish shipping board had allotted ocean freight room for 150,000 bales for October shipment was somewhat of a disapponintment to local buils, but seemed to be overshadowed by the reports of a sitrong spot situation.

be overshadowed by the reports of a strong spot situation.

"GRANDEST IN THE WORLD" SHE SAYS

VI-TO-NA Ends Troubles of Thirty Years Standing.

Mrs. Simmons Says She Feels Better Than She Has Since She Was a Girl. -

"I don't believe there is another medicine on earth that equals VI-TO-NA, and never intend to be without it as long as I live," said Mrs. Allice Simmons, who resides at 17 South Lawn Street, Atlanta, Ga. "I am giving this statement simply because I feel it my duty so that

Mrs. Allice Simmons, who resides at 17 South Lawn Street, Atlanta, Ga.

"I am giving this statement simply because I feel it my duty so that other sufferers may know what this wonderful discovery will do.

"For thirty long years—near half my life—I suffered with kidney trouble. My condition kept getting worse, unto my health became almost completely shattered. I had awful pains in my sides and back and had such terrible headaches. At times my head felt like it would burst open. My limbs ached. I was nervous and irritable all the time and didn't know what it was to get a good night's rest. I would get up every morning feeling tired and worn out, and would just drag myself around the house all day, feeling about half dead. I seemed to be losing weight and strength every day.

"I also suffered from stomach trouble, and lost my appetite almost completely. Last little I ate did more harm than good. My blood was lind, too, and there just didn't seem to be any end to my troubles.

"I will always thank the friend-who told me about VI-TO-NA, for it has almost made a new woman out of me. In fact, I feel better than I have since I was a girl, and I think this is just wonderful, after being sick so long. I don't have those awful pains in my back and sides now, the headaches have disappeared, and I have more strength and energy than I have had in years. I have also gained a great deal in weight. I sleep well and have a good appetite and am not nervous like I was. I feel just fine.

"My husband and children have also taken VI-TO-NA with wonderful results, and I heartily recommend it to any of my friends. It overcame my trouble after everything else falled, and I am sure there is not another medicine like it in the world."
